NEARLY CAUSED A RIOT

Stormy Scenes in the Pennsylvania Legislature.

QUAY AND ANTI-QUAY MEN.

Resolution to Prosecute Alleged Conspirators Tabled.

LAST BALLOT FOR A SENATOR.

The Senate Refuses to Extend the Life of the General Assembly and Final Adjournment Will Occur Without Electing a Senator.

Harrisburg, April 19.—The seventy-ninth ballot, the last to be taken for a United States senator at the present session of the legislature, was taken and resulted: Quay (R.), 93; Jenks, (D.), 85; Jones (R.), 69. Total vote, 247; necessary to a choice, 124; paired or not voting, 6. The legislature adjourns at noon.

Harrisburg, April 19.—The Nyce resolution calling upon the attorney general to prosecute all those, including ex-Senator Quay, who had been charged with receiving interest on state money almost precipitated a riot in the senate.

It was a bitter fight between two factions, and finally the resolution was laid on the table by a vote of 33 to 6. The first speaker was Senator Grady (Quay). He had scarcely begun his speech before Mr. Henry (anti-Quay) demanded the question. Brown of Lawrence (Quay) turned to Henry and said: "We do not propose to vote for a lie."

Mr. Grady, then proceeding, declared that the tender of such a resolution, while the trial of a great cause was pending, was in bad taste and an attempt to prejudice the case. He asserted that there was no occasion to instruct the attorney general.

Brown of Lawrence said there was but one truthful sentence in the whole resolution, and that was the line declaring state funds to be trust funds. He felt that it was monstrous for the legislature to pass judgment on a man whose liberty was now at stake in a court of justice.

"I have the word of Senator Quay himself," said Mr. Brown, "that he received not a cent of interest on state money."

The proceedings were interrupted by one of the most extraordinary scenes ever witnessed in the senate. Mr. Flinn walked over to Mr. Merrick, who had the floor, and glanced over the copy of the resolution.

To this Mr. Merrick objected and Mr. Grady remarked, "Why don't you let the speaker alone."

"Why don't you mind your own business," said Mr. Flinn angrily.

"That is my business," rejoined Mr. Grady.

"But it is not," replied Mr. Flinn. "You tend to your own business, for I will have no interference from you." The house was in an uproar instantly, and Lieutenant Governor Gobin, who was in the chair called upon the sergeant-at-arms to restore order.

Finally, on motion of Mr. Cochran, the resolution was tabled.

Senator Flinn then offered a resolution to extend the session of the legislature until May 4. In his opinion, the legislature had not passed sufficient revenue bills, and moreover had failed to elect a United States senator.

The resolution was defeated by a vote of 36 to 6, and the senate concurred in the house resolution that the hour of final adjournment shall be noon.

QUAY'S TRIAL.

Judge Biddle Declines Request of Jury to Lengthen Daily Sessions.

Philadelphia, April 19.—The ninth day of the trial of ex-United States Senator Quay began with a request from the jury to Judge Biddle that he extend the hour of adjournment each day beyond 3 p. m., which Judge Biddle refused.

After 6 p. m., he said, counsel in the case begin the hardest part of their labors and an extension would be too much of a strain upon them.

Mr. Goldsmith, the expert accountant for the commonwealth, was called to the stand, and his cross-examination was continued by Mr. Shields.

Before any questions were asked the district attorney said the defense had agreed to admit as true, certain formal evidence as to the terms of office of state treasurers. This was done to permit witnesses summoned from different parts of the state to go home.

IN THE NECK.

A Burglar Shoots His Fall While Fighting a Policeman.

New York, April 19.—In trying to shoot a policeman a burglar shot his partner in the neck inflicting a wound that is likely to prove fatal.

The wounded man is Charles Thom, 24, who lived with his parents, respectable people, in a tenement over the store which he and the other burglar were trying to rob when discovered by a policeman. The man who did the shooting escaped and Thom professed not to know who he is. Policeman Forster detected the burglars at work with a gun, and saw in the hallway of the tenement trying to cut their way into E. M. Berger's cigar store.

As the policeman entered the hall one of the burglars ran to the rear of the hall. The officer grappled with the other, who called to his companion, "Charley," to help him.

"Charley" returned and while the officer and Thom were struggling fired two shots at the policeman, missing him, but striking Thom with one of the bullets, which passed completely through the neck.

Thom was able, when brought to the police station, to tell his story. He denied that he was engaged in a burglary. Thom's father says the young man is "a bad egg."

The order of the speeches was as follows: "Municipal Ownership of Public Franchise," Mayor S. M. Jones of Toledo; "The Foes which Best Movements in the Interest of the People," Rev. Dr. Edward McGlynn; "All Government Derives Its Powers from the Consent of the Governed," William Temple Emmett; "Thomas Jefferson," William Jennings Bryan.

Primrose Day Celebration.

London, April 19.—Primrose day, otherwise the anniversary of the death of Lord Beaconsfield, who died April 19, 1881, was generally celebrated here. About two-thirds of the people in the streets wore primroses in their button-holes. Queen Victoria sent from Nice a large wreath of primroses, to be placed on the grave of the statesman in Hugendon churchyard.

Disregarded the Law.

San Francisco, April 19.—The signature law, requiring California papers to attach the signatures of the writers of articles in any way detrimental to the interest of individuals, went into effect. None of the San Francisco papers obeyed the law, the validity of which will be determined by the court.

To Maintain Silver Organization.

Denver, April 19.—United States senator Teller and Congressman Shaffroth in statements published emphatically declare in favor of maintaining the silver organization, not only in Colorado, but throughout the Union. They say that the silver question will be the paramount issue in 1900.

Wages Increased.

Cleveland, April 19.—The National Carbon company has raised the wages of about 400 men employed in its plant here. The advance is about 10 per cent. Prior to the announcement of the increase, a strike was threatened. Some of the men are satisfied with the new scale and some are not.

Fire at Halifax.

DETAILS OF AMBUSH.

Sailors Belonging to Yorktown Captured by Filipinos.

THEIR FATE IS UNKNOWN.

General Charles King Has Been Relieved of His Command and Ordered to United States on Account of Sickness.

Manilla, April 19.—Admiral Dewey has been notified of the strange disappearance of J. C. Gilmore and 14 members of the crew of the United States gunboat Yorktown.

On Saturday last the Yorktown anchored off Baler, on the east coast of the island of Luzon, and about 200 miles from here, where there was a Spanish garrison of about 50 men, which had been defending itself against several hundred Filipinos for months past.

Lieutenant Gilmore, Ensign W. H. Standley and a boat crew were sent up the river from Baler bay to communicate with the Spaniards, the town of Baler being situated some distance inland.

Ensign Standley, who landed at the mouth of the river, reports that he heard three volleys, a bugle call and cheers from up the river, but that the automatic gun, which was part of the equipment of the boat, was not heard firing. Standley later paddled to the Yorktown in a canoe.

A search was made for the Yorktown's boat and her crew, but no trace of them was found, and the Yorktown sailed for Iloilo, from which place her commander cabled to Admiral Dewey his theories that the Filipinos had captured or sunk the boat, or that the Spaniards had rescued the American party.

A scouting party of American troops found a rebel skirmish line more than a mile long east of Malolos. A sharp fusillade followed, but no losses were sustained. Brigadier General Charles King, who has been taken suddenly ill, and who is unable to continue in command of his brigade, has been relieved of further duty, and has been ordered to return to the United States on the first transport sailing from here for home.

Message From Otis.

Washington, April 19.—The following cable has just been received from General Otis at Manilla: "Lawton returned from lake country 17th instant, bringing captured vessels. Insurgents much scattered retreated before our forces to await an opportunity to attack detachments. Better class of people tired of war desire peace. Enemy build hope on return of our volunteers to United States. Its army much demoralized and loss by desertions and death large. Will probably prosecute guerilla warfare, looting and burning country which it occupied. Health and spirits of troops good. Volunteers return will commence about May 5. Will render willing service until return of transports is available. Embarkation will continue through June and July. Reports from Visayan islands continue very encouraging. Interisland commerce heavy. Customs receipts increasing."

Expect Prisoners Will Survive.

Washington, April 19.—The officials of the navy department are confident that such of the men of the Yorktown as escaped being killed outright in the first ambushade will be well treated by the insurgents. Some time ago the war department made inquiry as to the number of American prisoners held by the Filipinos. In reply General Otis referred to these soldiers, and said that they were being fairly treated by the insurgents, he supplying funds to defray the cost of their food. The reports made to the navy department by Paymaster Wilcox of Dewey's officers, who made a trip across the island of Luzon from Manilla to the north coast, reported the condition of the Spanish officials who were the prisoners of the insurgents, and they were very comfortable.

Version of Filipinos.

London, April 19.—The Filipino European junta claims to have received a cablegram from General Luna "commanding the Manilla district," direct from Manilla on Friday, declaring that General Lawton, "whose object was to proceed to Baler and effect a junction with the Yorktown," was inveigled by the Filipino tactics into perilously extending his line, with the result that a column consisting of 14 officers and men on reaching a place called Binangonan, was ambushed by a large Filipino force, communication with the main force was severed and the entire column was captured.

Washington, April 19.—Former Representative Hilborn of California died at Garfield hospital.

ORPHANS PERISH.

Three Little Girls Burned to Death in a Mennonite Institution.

Portland, Ind., April 19.—The Orphans' home at Berne, in Adams county, burned. A terrible panic was caused among the 57 inmates by the blaze. All were rescued with the exception of three, who were burned to death. The victims include: Katie Dibbell Baker, 14, of Cleveland, O.; Mamie Braddock, 15, of Chicago, and Della Taylor, 7, of Linn Grove, Ills.

The fire started from a stove on the third floor and swept through the building with great intensity. Many of those sleeping on the third floor were rescued by passing them from the window to a portico on the second floor and then to the ground.

The firemen worked for several hours on the flames. The damage to the home is estimated at \$5,000. The home contained inmates from nearly all of the central states. The institution is conducted by German Mennonites.

Arguments Begun.

Charleston, S. C., April 19.—Arguments in the Lake City lynching case begun. Hon. J. P. K. Bryan opened for the government in a magnificent address. His analysis of the testimony was quite exquisite, and his points were made in beautiful eloquence. He made a scathing arraignment of the conspirators who had outraged the dignity of the country and stained the fair name of the state in blood. Referring to the fact that the crime was committed on Washington's birthday, he said: "The Sabbath of our country had been desecrated." He characterized the defense as an exquisite romance." The court room was crowded.

Premier Laurier Explains.

Ottawa, Ont., April 19.—Sir Wilfred Laurier, the premier, replying to a delegation from the trades and labor congress, spoke favorably of the imposition of a \$500 poll tax on Chinese entering Canada, but said he was opposed to a tax on Japanese, whom he characterized as progressive allies of Great Britain. Regarding alien labor laws, he said that the subject was before the international commission, which recently met at Washington, and an endeavor was being made to arrive at a uniform law. Such a law, however, would not apply to Great Britain.

Ballot Boxes Stuffed.

Spring Valley, Ills., April 19.—During the city election here the ballot boxes in five precincts were found stuffed with spurious ballots. Warrants charging complicity in the attempted fraud were served on City Clerk Powers, City Attorney Murphy, Aldermen Hicks and Newman, and William Hawthorne, who was a candidate for city attorney. The fraudulent ballots were intended to defeat candidates backed by the Spring Valley committee. These candidates were successful, however, with the exception of city treasurer.

No More Volunteers.

Washington, April 19.—A conference held at the White House between the president, Secretary Alger, Secretary Long and Adjutant General Corbin resulted in the confirmation of the original decision of the administration to at present refrain from availing itself of the authorization conferred by congress to organize a volunteer army of 35,000 soldiers in addition to the present regular army.

To Do Away With Military.

Washington, April 19.—Dr. Julio Henna and M. Zeno Gaudia presented to the president a memorial drawn up by them as commissioners of the people of Porto Rico, asking that exclusive military control of the island be withdrawn, and that matters relating to various branches of the civil government of the island be turned over to the control of the departments in Washington, having jurisdiction over similar matters in the United States.

Loss In Taxes.

Jefferson City, Mo., April 19.—The majority report of the investigating committee of the Missouri state senate, which recently looked into affairs of state and municipal offices in St. Louis, was made. The most startling find was that the city and state annually lost \$369,000 through the escape from taxation of street car property alone, and that on real estate and personal property the loss aggregated \$1,136,750.

Lang to Be Dismissed.

Washington, April 19.—Secretary Alger made public the verdict in the case of Lieutenant Lang, who was charged with the conduct unbecoming an officer. The court found Lang guilty as charged and sentenced to dismissal from the service. The president has approved the sentence.

Hallowell, Me., April 19.—Colonel D. P. Livermore, the oldest telegrapher in the country, died here.

DARK AND MISTY NIGHT

So witnesses For Defense Claim at Time of the Tragedy.

ONE MAN STRUCK A MATCH.

Attorney Welty Who Represents the Defendant Predicts That the Case Will Go to the Jury in About a Week.

Canton, O., April 19.—In the trial of Mrs. George nothing was developed in the cross-examination of Mrs. Huth in regard to the delay of the street car on which Mrs. George went west on the night of the tragedy.

Jacob Adams testified to passing a man on Lincoln avenue, between Tuscarawas street and the Althouse place, shortly before the shooting, and a little further south he passed Saxton and spoke to him.

Adams in cross-examination was somewhat confused on the time of incidents he related, but partly explained this away by the difference between sun and standard time. He also said he had talked about a dozen times with Andrew Wielandt about what he related in testimony. Wielandt is a private detective.

Two witnesses testified to observations made Monday showing that a cherry tree interferes with the line of vision between the window where Mrs. Eckroate claims to have seen the shooting, and the Althouse steps.

Frank Hildenbrandt said he was the first to reach Saxton's body. He heard a groan and found the body after striking a match. He said the night was dark and misty. An electric light shed light on the upper part of the steps, but none on the body. He said people could not be recognized in the dark of that night.

Upton Shultz testified to the darkness of the night; that foliage of the trees was heavy, and that burdock burrs were numerous along a vacant lot in West Tuscarawas street. George Swett gave similar testimony.

Former Constable Adam Jackson said he had been asked to put Mrs. George out of Saxton's block, and also that he was present during one of the conversations when witnesses for state said threats were made, and that no threats were made.

At noon Mr. Welty said the case would probably go to the jury before the middle of next week. He said the defense would probably conclude this week.

Former Constable Jackson was further examined after noon. He told of replenishing goods in Saxton's block claimed by Mrs. George, and Saxton's objection to her going into the room to identify the goods.

Seeking to show a disposition on the part of the defendant to annoy and harass Saxton, the state asked Constable Jackson if the replevin suits in the Saxton building were not commenced the very day that President McKinley was inaugurated. This inquiry was excluded.

By the evidence of Mrs. Kate Gretzinger, the defense showed Saxton and Mrs. George to have visited Zoar, where they were guests at the hotel together. It is the capital of the Mennonites.

To Make Smokeless Powder.

Louisville, April 19.—The American Spirits Manufacturing company, which, with three other trusts, is to be consolidated with the Kentucky Distilleries and Warehouse company, has a new source of revenue which will probably mean millions of dollars to the combined whisky interests. Spirits form the prime factor in the manufacture of smokeless powder. The government has negotiated with the company for vast quantities of this product to use in the making of this smokeless powder. The first consignment of spirits was sent east a short time ago and amounted to between 300,000 and 400,000 gallons. The greater part of the output of the company's plant will be used by the government for some time to come.

Saengerfest Boycotted.

Cincinnati, April 19.—The Musicians' Protective association, a labor union organization, has decided to completely boycott the coming saengerfest in this city. No member of the association will be permitted to take any part in the saengerfest, either as member of the orchestra or in the parade. The reasons given for this action are that nonunion labor has been employed in the erection of the Saengerfest building, and that the Thomas orchestra, not a union organization, has been engaged for the fest.

London, April 19.—Axell Orling gave a private demonstration of his marvelous invention of steering a torpedo from a distance. It consists in the transmission of motor force by waves of light similar to the Roentgen rays.

DENOUNCED TRUSTS.

A Wealthy Tobacco Manufacturer the Central Figure in a Remarkable Scene at St. Louis, Mo.

St. Louis, Mo., April 18.—Moses C. Wetmore, until to-day President of the Liggett & Myers Tobacco Company, which was yesterday transferred to the tobacco trust, thereby forcing Wetmore to sell his stock and resign his position, was the central figure in one of the most remarkable street scenes ever witnessed in St. Louis about 4 o'clock this afternoon. He called the 3,000 employees of the factory together on the street in front of the factory to bid them farewell. After a few gentle words of assurance that their positions probably would be safe, and admonishing them to continue doing their duty as they had under the old regime, Colonel Wetmore broke into a vehement denunciation of trusts and monopolies of all kinds, especially the giant tobacco trust.

He reviewed the history of Liggett & Myers, how they had prospered under independent management until they virtually became masters of the tobacco situation in this country. "For 12 years," declared the speaker, "I have fought every effort to dispose of this property to any trust. I have warned my business associates of the danger of such a move. I have expatiated on the danger to the country from trade combinations. I have used every argument in my power. For that long I was successful, but I was not in control. Do what I would, I was at last forced to yield. I was one man against hundreds, small capital against millions and millions. It was not necessary for this company to sell to the trust.

"It never would have been necessary. It was never so prosperous as in the last five years. I reasoned thus, but I was finally overruled. Had I controlled the plant I never would have consented to its transfer to a trust. But the fight is not yet ended. We will yet win. I propose to devote my time and energies and money in aiding the fight against trusts. That cause shall have every assistance in my power."

This evening Colonel Wetmore wired William J. Bryan of what he had done, and reiterated his promise to do all in his power to kill the trusts. Wetmore is a very wealthy man, and powerful in local and State politics. His remarks were greeted with prolonged applause from the employees and a thousand others attracted to the unusual scene.

SUES THE CITY.

Captain M. M. Teager Asks \$3,000 Damages of Flemingsburg as Result of an Accident.

Captain M. M. Teager, the well known revenue official, has filed suit against the city of Flemingsburg for \$3,000 damages, alleging gross negligence on the part of the city in allowing a step to be placed in the public sidewalk near the blacksmith shop of W. L. Wilson next to the depot. The suit is the outcome of an accident which happened last fall to the plaintiff when he fell and broke his thumb, and it finally had to be amputated.

Mr. Teager was going to the depot before daylight to catch the train, and in passing the point named stumbled and fell. He was confined to his bed for some weeks.

The Gazette says: "There will naturally be a good deal of interest taken in the case, because of the fact that the sidewalks in Flemingsburg are filled with just such steps, verandas, &c., as would cause such an accident as befell Mr. Teager. The case will probably be called at the coming term of court. Attorneys for plaintiff are McCartney, Cassidy and Given.

COLLINS--HISLE.

A Popular Mayslick Gentleman Wins One of Carroll County's Fair Daughters For His Bride.

[Carrollton, Ky., Democrat, April 15th.]

One of the most pleasant social affairs of the season occurred at the residence of W. H. Hisle, of Mound Hill, Tuesday afternoon, when his daughter, Miss Mildred Moten Hisle, was united in marriage to Charles A. Collins, of Mayslick, Mason County, Ky.

The parlors of this well known hospitable home had been tastefully decorated with green vines, and many friends of the family were gathered here to witness the nuptials.

The ceremony, which was at 2 o'clock, was by Rev. C. J. Nugent, of Bedford, and was very impressive in beauty and solemnity. As the man of God laid his hands in blessing on their heads, every heart re-echoed his prayer that the lives thus united amid fairest promises might attain the highest fulfillment. The attendants were George P. Gullion, of this county, and Miss Helen Voiers, of Forney, Tex., a cousin of the bride.

The bride was most becomingly attired in white Paris muslin over white silk, with trimmings of real Valenciennes lace and white satin ribbon, the exquisite daintiness of the costume enhancing her youthful loveliness. She carried a bridal bouquet of beautiful long-stemmed roses. Miss Voiers wore a similar toilet and looked lovely.

The groom and groomsmen wore suits of black cloth and were much admired for their manly appearance.

Carroll County has thus lost another of her fairest daughters. To her attractive personality and winning manners are added those qualities of mind and heart which have made her at once popular and a bright light in the social circle of the community.

Mr. Collins, although a stranger to most of the guests, made a favorable impression, being evidently a gentleman of superior worth of character.

Many handsome presents of silver and china were received. After the bride had donned an elegant tailor-made costume of brown cloth, Mr. and Mrs. Collins left to take the train for Cincinnati, thence to their home at Mayslick.

May the good wishes which follow the newly married pair find full gratification in a long, useful and happy life for them.

Guests from a distance were Mr. and Mrs. William Collins, Mayslick; Miss Hayes, Smithfield; Miss Patria Turner, Eminence; Mrs. E. G. Abbott, Jeffersonville, Ind., and Miss Helen Voiers, Forney, Texas. About 100 guests in all were present.

Fortune Sold for \$95.

[Flemingsburg Gazette.]

As advertised, the remaining notes and accounts of the defunct Exchange Bank of David Willson were put up and sold at public auction by assignees Hart and Sousley. The face value of the claims amounted to \$117,000 and they brought in cash just \$95.20. One note of about \$15,000 sold for \$5, one \$2,000 note for 50c. and many others at like figures. It is thought that this sale will wind up the business of the assignees and that they will make their final report to the court at its next session here.

THE FEAST OF BARGAINS

in Clothing, Men's and Boys' Shoes and Men's Furnishings, set before the people, through Hechinger's retiring-from-business sale, has awakened an interest with the buying community that the conventional Clothing sales advertisement make impossible. It's a positive fact that customers from distances as far as fifty miles from Maysville are taking advantage of this sale. It is known that the stock consists of only first-class merchandise, and when considered that the reduction of prices enables the public to buy the high class goods Hechinger & Co. carry for less than ordinary goods sell elsewhere, it is no wonder that the storerooms are daily crowded. Thousands of dollars' worth of goods that were contracted for before Mr. Hechinger's conclusion to retire from business, are daily arriving. They share the same fate of those already in stock. They will be marked at prices that will make them sell.

On Wednesday our "HOPKINS"

Straw HATS

will be on sale. To those who have worn them they need no recommendation; those who have never worn them should try one. They are the best Straw Hats in the world; ask other Hatters in town.

Abound in the Performance to be Given
Here by "The Coontown 400"
Monday Night.

"The Coontown Four Hundred" which is said to be the most elaborate attraction of its kind will appear at Washington Opera House next Monday night.

This attraction, as the title denotes, is composed exclusively of colored talent, the management having endeavored to select only the very best artists. That they have succeeded admirably is attested by the expressions of praise bestowed on the performance by the press of nearly every large city in the country. "The Coontown Four Hundred" has been pronounced the best singing and laughing show ever put together, and its engagement here should prove successful, both artistically and financially. Great attention has been given to the selection of the chorus and the many operatic gems introduced give them ample opportunity to display their magnificent voices. New songs and new jokes are said to be plentiful. A special feature is also made of the "cake walk" which has created a veritable furor wherever it has been seen, being put on in an elaborate manner.

The entertainment runs through two acts, during the action of which will be interspersed specialties by such well known performers as Tom Brown, Bina Alexander, Forcen and Graycen, the Humphreys, the Mitchells, Julia Roane and the Blackstone Quartette.

Look out for the new electric car No. 9. It will make its appearance this evening.

No. 9 was one of the old horse cars, but through the ingenuity of Mr. J. F. Ryan, assisted by other employees of the street railway company, it has been converted into a modern vestibule motor car.

The wiring of the car was done by Mr. Ryan himself, and the job reflects credit upon him as an electrician and skilled workman.

Young Minister Loses His Mind.

LOUISVILLE, April 18.—Rev. Jas. McDonald, of Brooksville, Ky., was committed to Lakeland Asylum for the Insane at the request of his father, Rev. Donald McDonald, to-day. Both father and son are widely known in the eastern part of the State as Presbyterian evangelists. The son was educated in Scotland. Three years ago, after an illness, he took opium to relieve pain. He became a slave to the drug and administers it hypodermically. His father testified that he had made three attempts to end his life and that treatment at Cleveland and Chicago and other cities had failed to benefit him.

THE Catholic school at Washington was closed Wednesday on account of the smallpox scare at that place.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store; every bottle guaranteed.

\$25,000.00 Given Away.

In the past year Dr. R. V. Pierce has given away copies of his great work, The People's Common Sense Medical Adviser, at an expense to him of \$25,000.00 exclusive of postage. This standard book of medicine and hygiene, contains 1008 pages and more than 700 illustrations. It treats of the greatest and gravest problems of human life in simple English, from a common sense point of view. It answers those questions of sex which linger unspoken upon the lips of youth and maiden. It is essentially a family book, and its advice in a moment of sudden illness or accident may be the means of saving a valuable life. This great work is sent absolutely free on receipt of stamps to defray the cost of mailing only. Send twenty-one one-cent stamps for the book in paper binding, or thirty-one stamps for cloth covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

PAINT is not a cheap substitute for white lead, but a mixture of Carbonate of Lead and Zinc combined with pure Linseed Oil on such a scientific principle as to produce a Paint that will resist the action of the elements and furnish a more durable coating than is possible to attain with Paint combined by the old style of mixing by hand. Full weight, full measure; every gallon guaranteed. One gallon will cover 300 square feet two coats.
